

Diet Tracker

Feeling healthy and feeling good about yourself is not a luxury – it's an absolute necessity.

We've created this simple tracker to get you on the road to healthy eating. Using this tracker, you'll monitor your progress as you work to improve your eating and exercise habits. Track eating habits by placing a check next to the corresponding food category. Track exercise patterns by noting the type and duration of activities.

This tracker is based on the [Dietary Guidelines for Americans](#) that describes a healthy diet as one that:

- Emphasizes fruits, vegetables, whole grains, and fat-free or low-fat milk and milk products;
- Includes lean meats, poultry, fish, beans, eggs, and nuts; and
- Is low in saturated fats, trans fats, cholesterol, salt (sodium), and added sugars.
- Focuses on drinking water and other healthy liquids instead of sugary drinks.
